Who is Dr. Sunday?

Dr. Renee Sunday is an ordained minister and dynamic woman of God who has built a stellar career on uplifting and educating others through her work in media, business, empowerment and healthcare. A native of Birmingham, AL, she grew up in poverty, however there was no shortage of love and support. As a result, she strives each and every day to share the same love she was given, while also equipping and empowering individuals from all walks of life to live their dreams and walk in their purpose. Known as the “Platform Builder,” Dr. Sunday is the founder of Renee Sunday Enterprises, which encompasses her media and consulting work, life coaching and empowerment speaking. In addition, she is an author with her own publishing company, Sunday Publishing, LLC and the owner of R.S. Commerce, LLC. Through these businesses, she educates professionals and aspiring entrepreneurs on how to “be seen, be heard and get PAID.”

Never one to put her eggs in one basket, this multi-talented serial entrepreneur is also a board-certified anesthesiologist, having worked in the field for 16 years. In fact, Dr. Sunday has been listed by the Consumer’s Research Council of America as one of the top 100 anesthesiologists in the nation! She has been fortunate enough to speak on various national platforms and work alongside major figures like Oprah, T.D. Jakes, Paula White, Jackelyn Carr and many others. With nearly 200,000 followers across all of her platforms, she will remain a powerful inspirational force, touching lives everywhere she goes.

Bouncing Back from the Bottom

Most wouldn't believe that Dr. Sunday went from a 6 figure salary as an anesthesiologist, to making \$0....all in ONE DAY! Her testimony of making up her mind to never be broke another day in her life has not only blessed her, but thousands of people around the world. She transparently shares how you can use the bottom as a foundation, and not as a final destination.

Be Seen. Be Heard. Get Paid

Dr. Sunday isn't called "The Platform Builder" for nothing! She's assisted countless people in everything from publishing their books to getting their story out on TV or the radio. This has opened doors and opportunities that some could only dream of. With the "Be Seen. Be heard. Get Paid." movement, Dr. Sunday teaches you how to build your platform using your personal story.
